

DESCRIPTION

The Special Rubber Finish Coated Pen for Laser Marking is a versatile and functional tool. Its ergonomic design and rubber coating provide a feeling of softness and comfort when writing. Not only does this pen allow you to take notes smoothly with its high-quality blue ink, but it also features a touch pointer on the opposite end. The touch pointer is ideal for touchscreen devices as it allows you to navigate, write or draw accurately and smoothly. In addition, the pen is specially designed for laser marking, which means you can customize it with your own logo, name or message using high-precision laser engraving. This makes it a great choice as a corporate or promotional gift.
